

Temporary Closure of Attractions in Japan

February 28th, 2020: As enforced by the government of Japan, this is a critical time to converge the epidemic early. It is believed that the following one or two weeks are extremely important to prevent the spread of infection, and it has been requested to reconsider the necessity of holding events with the objective of preventing the spread of infection.

As such, in response to this, various events in Japan have been canceled, and at the same time, it has also been announced that numerous tourist facilities will be closed for the time being. Among those, we would like to share about the main facilities affected by this.
